The Hubble mosaic unveils a collection of carved knots of gas and dust in a small portion of the Monkey Head Nebula (also known as NGC 2174 and Sharpless Sh2-252)

The nebula is a star-forming region that hosts dusky dust clouds silhouetted against glowing gas.

- **Fourth Day** – “And **God said**, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons, and for days, and years: And let them be for lights in the firmament of the heaven to give light upon the earth: and it was so. And **God made** two great lights; the greater light to rule the day, and the lesser light to rule the night: **he made** the stars also. And **God set** them in the firmament of the heaven to give light upon the earth, And to rule over the day and over the night, and to divide the light from the darkness: and **God saw** that it was good. And the evening and the morning were the fourth day.” Genesis 1:14-19

▪ Ecliptic Line - Path of the Sun and Planets:

Mercury – Venus – Earth – Mars – Jupiter
– Saturn – Uranus – Neptune

B. Geography of the sky

▪ 88 Constellations: 12 Cardinal – 76 Decan

“In contemporary astronomy, 88 constellations are recognized. Each constellation is a region of the sky. Together they cover the entire celestial sphere, with their boundaries adopted officially by the International Astronomical Union (IAU) in 1928 and published in 1930.”

https://en.wikipedia.org/wiki/IAU_designated_constellations

▪ Planisphere

In astronomy, a planisphere is a star chart analog computing instrument in the form of two adjustable disks that rotate on a common pivot. It can be adjusted to display the visible stars for any time and date. It is an instrument to assist in learning how to recognize stars and constellations.

▪ Ecliptic Line - Path of the Sun and Planets

The ecliptic line is an extrapolated line in the sky made up of the 12 Cardinal Constellations and marks the annual path of the sun.

“Their **line** is gone out through all the earth, and their words to the end of the world. In them hath he set a tabernacle for the sun, which is as a bridegroom coming out of his chamber, and rejoiceth as a strong man to run a race. His going forth is from the end of the heaven, and his circuit unto the ends of it: and there is nothing hid from the heat thereof.”
Psalm 19:4-6.

“Who hath laid the measures thereof, if thou knowest? or who hath stretched the **line** upon it?”
Job 38:5

Mazzaroth or Garland of Crowns

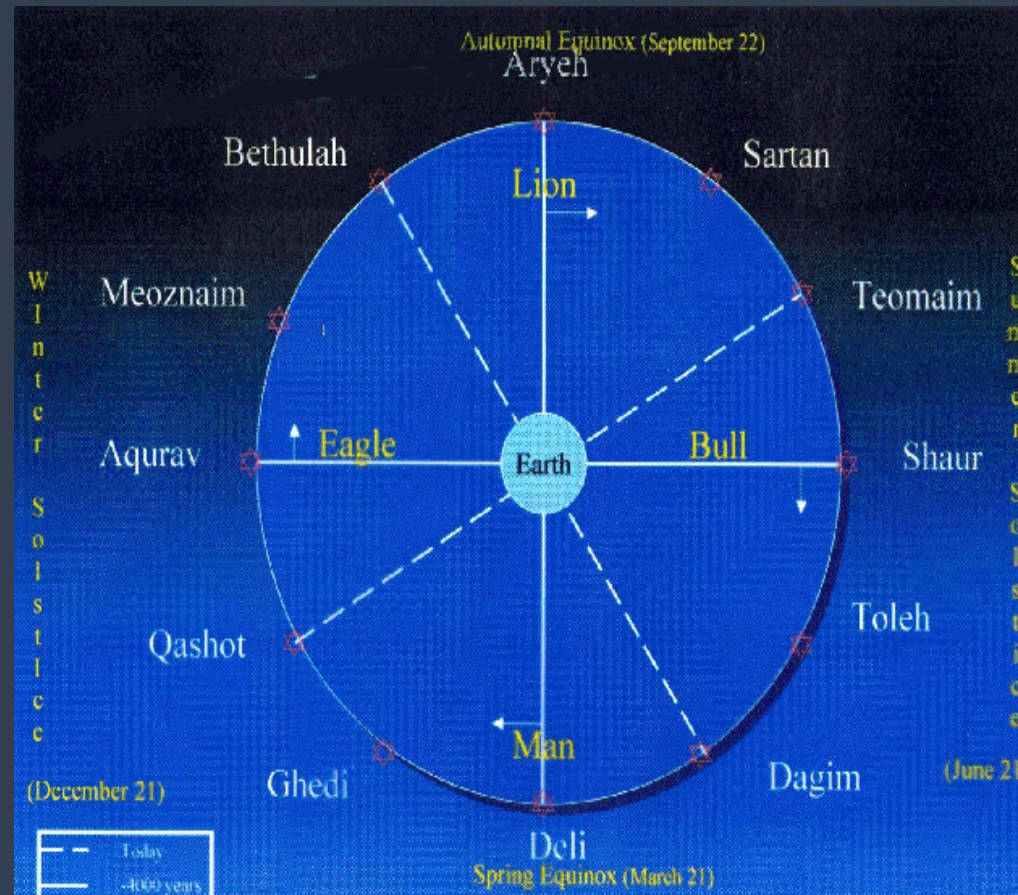

Hebrew name for the 12 Cardinal Constellations. These can be seen from the North and South Hemispheres and form the ecliptic line.

D. Biblical Calendar Restoration Movement – ‘Worship Him that made heaven and earth’

▪ History of the Biblical Calendar – Creator ‘s Worship Time

“The original Hebrew calendar in organized Israel was founded upon both forms of year. Its months were determined by the course of the **moon** while the lunar year (354.xx days) paced along with the **sun**’s motion (365.xx days) by means of the harvest festivals. Thus, during the Old Testament time till the destruction of Jerusalem in 70 AD, the Biblical calendar and the festivals of Levitical 23 were dependent upon the course of the moon | **horned crescent** |, and upon the influence of the sun on the harvests | **barley** |. Every two or three years the solar year exceeded the lunar by about a month, and a month was inserted, making a leap year of thirteen months also called an ‘**embolismic**’ year.” The Grace Amadon Collection, Crucifixion Date, Part V, emphasis added, excerpts.

▪ Changes of the Biblical Calendar to Today – Lucifer’s Worship Time

Under the Roman Decree of Nicaea (AD 325) Barley Harvest was replaced by the Spring Equinox

“From the time of the Nicaean decree until the present day, it has been passed on from generation to generation that the Hebrew Passover ‘was at the first full moon after the equinox of spring.’ The tables of the modern Jewish calendar follow this plan. Many historians, both ancient and modern, have taken it for granted that the Hebrews had always kept their Passover at this time, and that such was therefore the case in the days of Christ, **but it was not so.**” The Grace Amadon Collection, Crucifixion Date, Part V, excerpts.
