

Agenda – PTSD – Post–Traumatic Stress Disorder
10 Days of TLC – Tender Loving Care
Day 5

- **PTSD – Post–Traumatic Stress Disorder**

PTSD is a disorder that develops in some people who have experienced major accident, encountering death, losses, shocking, scary, or dangerous event. It is natural to feel afraid and stressed during and after a traumatic situation. Fear is part of the body’s “fight-or-flight” response which helps us avoid or respond to potential danger or extreme pain. Symptoms may include flashbacks, nightmares, pain, sweating, nausea, trembling, severe anxiety, as well as uncontrollable thoughts about the event.
