

Climate Change or Weather Control?

**Take Time to Read and Study these Important Information!
Not a Hoax! Not a Conspiracy Theory! It is Real!**

Answer:

1. Weather Control

(H.A.A.R.P. (High Frequency Active Auroral Research Program)

<https://144000teachers.org/library/#1692704441659-a070946a-2d7d>

2. Biblical Calendar Changes

<https://144000teachers.org/last-conflict/1844-2/>

I.

https://www.wanttoknow.info/war/haarp_weather_modification_electromagnetic_warfare_weapons?gad=1&gclid=CjoKCOjwrfymBhCTARIsADXTablZq2JnwzkzheQZzrhHkyHLRpAkiTKhzorKjo99xVhQFv9IbP8BV2-caAuxJEALw_wcB

"Though denied by HAARP project officials, some respected researchers allege that the electromagnetic warfare capabilities of the project were designed to forward the US military's stated goal of achieving "Full-spectrum Dominance" by the year 2020 and of "Owning the Weather in 2025" (see USAF document summary here). Others go so far as to claim that HAARP technologies have been and continue to be used for weather control, to cause earthquakes, hurricanes, tsunamis, to disrupt global communications systems, and more."

HAARP array: Gakona, Alaska

II.

<https://web.archive.org/web/20110316053056/http://csat.au.af.mil/2025/volume3/vol3ch15.pdf>

" In 2025, US aerospace forces can "own the weather" by capitalizing on emerging technologies and focusing development of those technologies to war-fighting applications. Such a capability offers the war fighter tools to shape the battlespace in ways never before possible. It provides opportunities to impact operations across the full spectrum of conflict and is pertinent to all possible futures. The purpose of this paper is to outline a strategy for the use of a future weather-modification system to achieve military objectives rather than to provide a detailed technical road map."

III.

<file:///E:/1c.%20HAARP%20-%20High%20Frequency%20Active%20Auroral%20Research%20Program/vol3ch15.pdf>

" Current technologies that will mature over the next 30 years will offer anyone who has the necessary resources the ability to modify weather patterns and their corresponding effects, at least on the local scale. Current demographic, economic, and environmental trends will create global stresses that provide the impetus necessary for many countries or groups to turn this weather-modification ability into a capability. In the United States, weather-modification will likely become a part of national security policy with both domestic and international applications.

Our government will pursue such a policy, depending on its interests, at various levels. These levels could include unilateral actions, participation in a security framework such as NATO, membership in an international organization such as the UN, or participation in a coalition. Assuming that in 2025 our national security strategy includes weather-modification, its use in our national military strategy will naturally follow. Besides the significant benefits an operational capability would provide, another motivation to pursue weather-modification is to deter and counter potential adversaries."

IV. https://www.wanttoknow.info/war/weather_modification_owning_weapon

**Weather Modification
USAF Report: Owning the Weather in 2025**

"In 1957, the president's advisory committee on weather control explicitly recognized the military potential of weather modification, warning in their report that it could become a more important weapon than the atom bomb."

~~ From a US Air Force report on weather modification published in 1996

There is Hope:

Please take time to understand the connection between Climate Change and/or Weather Control and the Changes in the Biblical Calendar:

1. H.A.A.R.P.

(H.A.A.R.P. (High Frequency Active Auroral Research Program)

<https://14400teachers.org/library/#1692704441659-a070946a-2d7d>

2. Biblical Calendar Changes

<https://14400teachers.org/last-conflict/1844-2/>

The Creator of the seasons declares:

"While the earth remaineth, seedtime and harvest, and cold and heat, and summer and winter, and day and night shall not cease." Genesis 8:22.

He also makes us aware that there is a time where we can expect: wars, famines, and earthquakes, floods and hurricanes at the time of the end:

"And ye shall hear of wars and rumours of wars: see that ye be not troubled: for all *these things* must come to pass, but the end is not yet. For nation shall rise against nation, and kingdom against kingdom: and there shall be famines, and pestilences, and earthquakes, in divers places." Matthew 24:6, 7.

"But these things have I told you, that when the time shall come, ye may remember that I told you of them. And these things I said not unto you at the beginning, because I was with you." John 16:4.

"The restraining Spirit of God is even now being withdrawn from the world. Hurricanes, storms, tempests, fire and flood, disasters by sea and land, follow each other in quick succession. Science seeks to explain all these. The signs thickening around us, telling of the near approach of the Son of God, are attributed to any other than the true cause." Christian Service, 52.

Encouraging promises. They will attempt to change Times and Seasons -- Daniel 7:25 --- but they will not be able to alter what God has promised!

“Stretching from roughly 50 to 400 miles above Earth’s surface, the ionosphere is an electrified layer of the upper atmosphere, generated by extreme ultraviolet radiation from the Sun. It’s neither fully Earth nor space, and instead, reacts to both terrestrial weather below and solar energy streaming in from above, forming a complex space weather system of its own.

The particles of the ionosphere carry electrical charge that can disrupt communications signals, cause satellites in low-Earth orbit to become electrically charged, and, in extreme cases, cause power outages on the ground. Positioned on the edge of space and intermingled with the neutral atmosphere, the ionosphere’s response to conditions on Earth and in space is difficult to pin down.

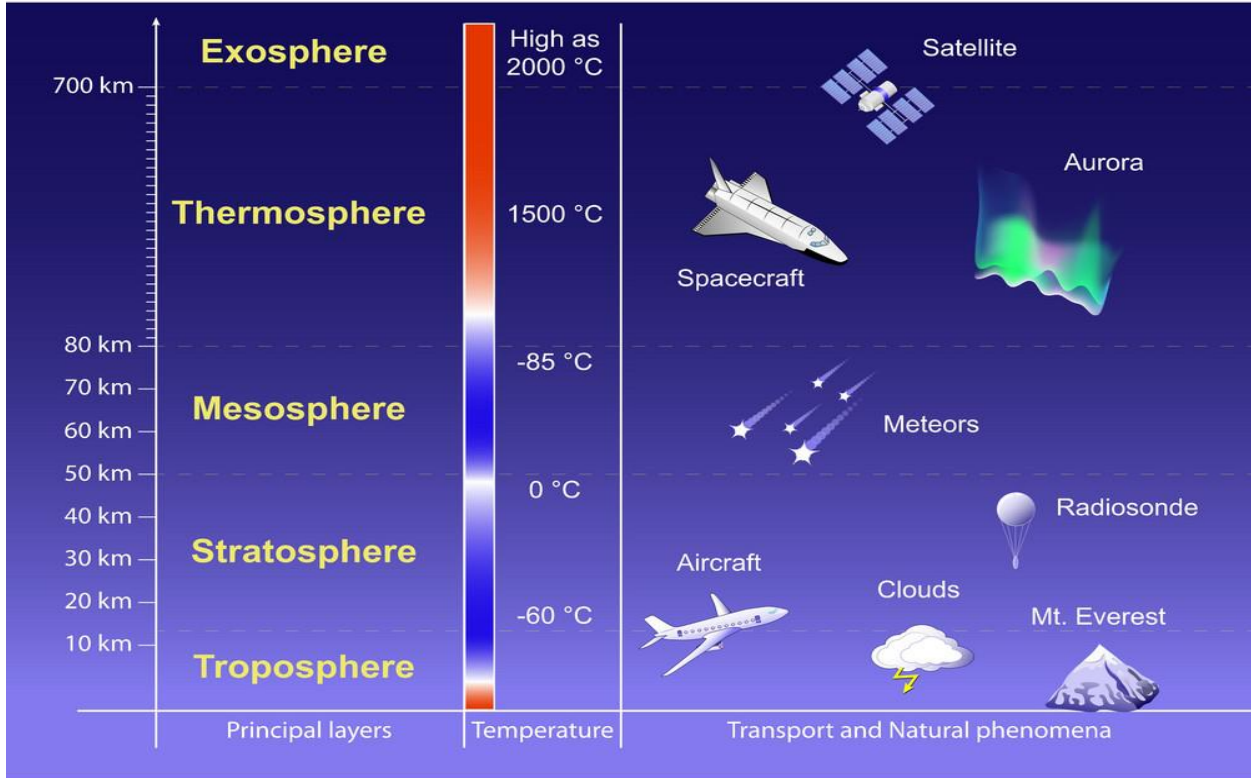

Understanding the ionosphere’s extreme variability is tricky because it requires detangling interactions between the different factors at play — interactions of which we don’t have a clear picture. That’s where airglow comes in. Airglow occurs when atoms and molecules in the upper atmosphere, excited by sunlight, emit light in order to shed their excess energy. The phenomenon is similar to auroras, but where auroras are driven by high-energy particles originating from the solar wind, airglow is sparked by day-to-day solar radiation.

Airglow carries information on the upper atmosphere’s temperature, density, and composition, but it also helps us trace how particles move through the region itself. Vast, high-altitude winds sweep through the ionosphere, pushing its contents around the globe — and airglow’s subtle dance follows their lead, highlighting global patterns.”

LAYERS OF THE ATMOSPHERE

The Ionosphere stretches from 50 to 400 miles above Earth's surface

HAARP stands for High Frequency Active Auroral Research Program.

- Funded by the U.S. Air Force, the U.S. Navy, the University of Alaska, and the Defense Advanced Research Projects Agency (DARPA).
- Work on the HAARP Station began in 1993.
- The current working IRI was completed in 2007, and its prime contractor was BAE. Systems Advanced Technologies

<https://www.scribd.com/doc/117821089/HAARP-Technology#>

What is HAARP? is that some kind of music instrument?

<https://www.scribd.com/doc/117821089/HAARP-Technology#>

Purpose of the HAARP

Environmental Warfare!

- Disrupt human mental processes.
- Jam all global communications systems.
- Change weather patterns over large areas.
- Interfere with wildlife migration patterns.
- Negatively affect your health.
- Unnaturally impact the Earth's upper atmosphere.

Ionosphere Heating

Earth Controlling (Geoweapon)

- Heating the Ionosphere using the electric power transmits using radio frequency that contains radiation and can cause the aurora phenomena. It will fail the radio communication directly!
- Did Tesla really send electricity more than twenty miles without wires? There was also the legend that Tesla invented a "space energy receiver" and powered a Pierce-Arrow car in a demonstration of the receiver.

Massive electro ionosphere heating in Tesla history!
